PROFILE

" Skilled and motivated React.js developer proficient in **HTML, CSS,** and **JavaScript** library of **ReactJS,** with a strong foundation in **frontend development** principles. Experienced in building interactive and responsive user interfaces using **ReactJS** to create modular and reusable components. Collaborative team player adept at integrating **frontend** designs with backend functionalities, ensuring a seamless user experience. Continuously enhancing skills in **frontend** technologies like **ReactJS** to deliver high-quality and efficient web applications.**"**

PROJECTS

PERSONAL PORTFOLIO [Live Link]

Frontend (ReactJS)

- Developed a professional personal portfolio website using **ReactJS,** showcasing expertise in **HTML, CSS, and JavaScript.**
- Improved website responsiveness by **80%** through strategic implementation of **media queries** and **CSS grid layouts**, ensuring seamless user experience across devices.
- Demonstrated expertise in frontend development by incorporating animations, transitions, and interactive elements using **ReactJS** libraries and **CSS**.

" I have developed a diverse range of projects showcasing my skills in web development. These include a **calculator app**, a **to-do list manager**, a **e-commerce website**, a **guess-the-number game**, a **YouTube clone**, a **social media platform clone**, a **QR code generator**, and a **login page**. These projects demonstrate my proficiency in frontend and user interface design."

CERTIFICATION

- On Oct 2, 2023, I completed my **ReactJS** course certificate at **Infosys.**
- On Jan 19, 2024, I completed my **Intro to CyberSecurity** course certificate at **CISCO**.

ADDICATIONAL SKILLS

- Strong problem-solving and analytical skills.
- Excellent verbal and written communication abilities.
- Ability to work collaboratively in a team environment.
- Self-motivated and eager to learn new technologies.
- Time management and attention to detail.
